**NEW ZEALAND CERTIFICATE IN AUTOMOTIVE
ELECTRICAL ENGINEERING (LEVEL 3 AND 4)**

mito

Whether you are new to the industry or already experienced, this innovative training programme will provide you with the skills and knowledge to install, maintain and repair electrical and electronic components in a wide range of vehicles.

Programme Outline

This programme is expected to take 4 years to complete both Level 3 and 4.

The training programme includes a mix of practical training and assessment, undertaken in the workplace, and eLearning, allowing you to complete theory elements of the programme at your own pace. You will have access to videos, interactive simulations and theory assessments, which can be easily accessed at any time and from any device – mobile phone, tablet or PC.
