**THE NEW ZEALAND CERTIFICATE
IN MINING AND QUARRYING
(FIRST-LINE SUPERVISION) – SURFACE
(LEVEL 4)**

mito

Designed in consultation with industry, this training programme will provide you with the technical skills and operational knowledge to undertake first-line supervision responsibilities at a workplace within a surface context.

With the responsibility for the performance and safety of your team a key concept of the programme, you'll also acquire the planning and organisational skills to implement work and production schedules.

Programme Outline

This programme is expected to take 2 years to complete.

The training programme includes a mix of practical training and assessment, undertaken in the workplace, and eLearning, allowing you to complete theory elements of the programme at your own pace. You will have access to online learning activities and course assessments, which can be easily accessed at any time and from any device – mobile phone, tablet or PC.

The training programme will lead to the following qualification outcomes:

QUALIFICATION OUTCOMES		CREDITS
OUTCOME 1	Provide leadership and guidance when organising their own and others' activities at a mining and quarrying site	20
OUTCOME 2	Interpret and implement mining and quarrying operational plans in compliance with legislation and workplace policies and procedures	50
OUTCOME 3	Co-ordinate and apply risk assessment procedures and workplace health and safety and environmental procedures at a mining and quarrying site	20

QUALIFICATION OUTCOMES		CREDITS
OUTCOME 4	Conduct workplace inspections and incident investigations to maintain safety at a mining and quarrying site	10
OUTCOME 5	Communicate orally and in writing within the mining and/or quarrying workplace, and complete record-keeping for the mining and quarrying operation on a daily basis	5
OUTCOME 6	Apply broad operational and theoretical knowledge of surface mining, quarrying and/or processing to ensure team members can complete a wide range of tasks as required by the operational plan at a surface mining, quarrying and/or processing site	55

Entry Requirements

You must be employed full-time in the industry and should have a minimum of 12 months relevant experience at a surface mining, quarrying and/or processing operation to enrol in this programme.

Programme Fee

There is no training fee for this programme until 31 December 2022.

Enrol Now

If you're ready to get qualified, enrol now at [mito.nz/surface](https://www.mito.nz/surface).

“ You learn a lot from MITO’s training programme and it provides the perfect opportunity for career progression. ”

Kristian Otto, Wellington Quarries Supervisor, Winstone Aggregates

MITO is the industry training organisation for the New Zealand mining and quarrying industry. Thousands of professionals have qualified and built successful careers with MITO's on-the-job training programmes.
