## Terms and Conditions

The Southern Institute of Technology recognises the need for a highly qualified and skilled workforce. The provision of Zero Fees tertiary programmes has enhanced educational opportunities for all students including non-traditional users of tertiary education.

Zero Fees allows New Zealand or Australian citizens or permanent residents the opportunity to study approved programmes without paying the tuition fees.

Zero Fees, where available, applies only to the base tuition fee attached to each programme of study. Particular programmes may incur additional costs to the students, for example: uniform, texts, tools, activities, NZQA charges.

Programmes that are offered under Zero Fees are:

Tertiary Education Commission funded (you must be a New Zealand or Australian Citizen or Permanent Resident to receive Tertiary Education Commission funding). Of twelve or more weeks in duration. Studied either full time or part time. Leading to a national or local qualification. Invercargill/Gore campuses - Zero Fees applies to all approved programmes. Christchurch campus - Zero Fees applies to most programmes. SIT2LRN distance programmes - Zero Fees applies to all programmes.

Zero Fees is available as a result of present Government policies. Although not foreseen, SIT is unable to guarantee ongoing Zero Fees provision should for any reason present funding arrangements and/or Government policies be reviewed.

In order to retain Zero Fees, students undertaking a programme of study at Southern Institute of Technology must meet the following criteria:

- Satisfactory academic progress as defined in the requirements of the course or programme of study.
- Satisfactory attendance, maintaining at least 80% (or programme specific) attendance. (Not applicable for SIT2LRN programmes).
- Adherence to the programmes specific rules and requirements.
- Adherence to the provisions of Southern Institute of Technology Student Code of Conduct.
- Withdrawal from programmes may affect students' future entitlement to the Zero Fees.

If any of the requirements detailed above are not met, the following will apply:

- In any case of a breach of the terms and conditions, and after due notice, the Zero Fees status may be withdrawn. In this situation, if a student wishes and is eligible to continue in an enrolled programme of study after this has been withdrawn, he/she will then be liable for the programme fees required for the remainder of the academic year.
- All matters relating to student rights and responsibilities will be handled in accordance with Southern Institute of Technology's Policies and Procedures, as outlined in student handbooks.

When you apply to study with the Southern Institute of Technology in 2023, you will be enrolled with Te Pūkenga, the new national network of vocational and applied education in Aotearoa New Zealand. You will learn in the same way, in the same place, and with the same people. The great news is that this enables us to share skills and knowledge across a network of passionate education providers, to better help you succeed. Enrolling in programmes that start in 2023, means that you will graduate with a Te Pūkenga qualification.
