

**NEW ZEALAND CERTIFICATE IN COLLISION
REPAIR (STRUCTURAL REPAIR)
(LEVEL 5)**

Designed in consultation with industry, this programme will provide experienced non-structural collision repairers with the skills and knowledge required to advance their career to structural repair positions.

Programme Outline

This programme is expected to take 14 months to complete.

The training programme includes a mix of practical training and assessment, undertaken in the workplace, and eLearning, allowing you to complete theory elements of the programme at your own pace. You will have access to videos, interactive simulations and theory assessments, which can be easily accessed at any time and from any device – mobile phone, tablet or PC.

QUALIFICATION OUTCOMES		LEVEL	CREDITS
OUTCOME 1	Oversee activities in a workplace to ensure compliance with legislative and company requirements within a collision repair workplace	5	25
OUTCOME 2	Apply specialist collision repair knowledge to evaluate damage and select appropriate repair methods	5	25
OUTCOME 3	Apply specialist collision repair knowledge to repair structural damage to an acceptable industry standard	5	40

Entry Requirements

You must be employed full-time in the industry and have completed the New Zealand Certificate in Collision Repair (Non-Structural Repair) (Level 4), or provide evidence of equivalent skills and knowledge, to enrol in this programme.

2022 Programme Fee

This programme has a fixed non-refundable fee of \$761 incl GST. No further charges apply.
