

Accelerate your career with a nationally recognised qualification!

Get qualified with MITO

Unearth an exciting career with MITO's Drilling training programmes.

These courses are contextualised for the non-hydrocarbon drilling sector, providing career pathways for those starting out in the drilling industry to progress to more senior roles.

Gain a national qualification

- New Zealand Certificate in Drilling (Level 3) is expected to take 2 years to complete
- New Zealand Certificate in Drilling (Level 4) is expected to take 2½ years to complete
- New Zealand Certificate in Drilling (Level 5) is expected to take 2 years to complete.

Designed by industry, for industry.

Programme outline

- **New Zealand Certificate in Drilling (Level 3):**
Graduates of this qualification will be familiar with drilling equipment and tools and be able to work safely at drilling sites under direct supervision.
- **New Zealand Certificate in Drilling (Level 4):**
Gain the core skills and knowledge to work as a driller (within the drilling context that the training programme was completed).
- **New Zealand Certificate in Drilling (Level 5):**
Graduates will have the skills and knowledge to work as a supervisor or senior driller (within the drilling context that the training programme was completed).

A blended approach to learning

Written, practical and distance-learning training resources support a range of learning styles, making it enjoyable and easier to learn. You can also expect a combination of workplace learning, off-job training and self-motivated study.

Support will be provided by your MITO Industry Training Advisor, workplace supervisor and specialist trainers.

Training fee

An annual training fee may apply, please visit www.mito.org.nz/fees-free or contact MITO for details.

Sign me up!

If you are currently employed in the industry and your employer is able to support your training programme, contact MITO to uncover your drilling career.
