

**Surface Mining & Quarrying programme
for secondary school students**

ROCKUP[®]

**Gain a micro-credential approved
by NZQA - with eLearning and
practical learning in the surface
mining and quarrying industry.**

RockUp® offers secondary school students the chance to earn a micro-credential approved by NZQA, credits towards NCEA, and a great introduction to the surface mining and quarrying industry. Supported by MITO, in partnership with secondary schools and local businesses, RockUp® has both eLearning and practical workplace learning. Completed unit standards can be used towards the next step in the MITO traineeship in the surface mining and quarrying industry.

Upon completion students will achieve the RockUp® - Surface Mining and Quarrying Micro-credential (Level 3, 9 credits), which will be listed on their NZQA Record of Achievement.

What is the fee per student?

\$200* per student, per year.

How does the student access eLearning?

The student must have a unique email address and access to an internet-enabled computer, tablet or mobile phone. After enrolment, the student will receive an email with their log-in details to MITO's learning management system.

What is a micro-credential?

Smaller than a qualification, micro-credentials certify achievement of a specific set of skills and knowledge and are approved by NZQA.

Can you help with the work placement?

Yes, we can help identify a surface mining and quarrying site near your school.
