

New Zealand Certificate in Industrial Textile Fabrication (Level 3)			
<b>Level</b>	3	<b>Credits</b>	120
<b>Assessment standards aligned with qualification outcomes</b>			
Outcome	Unit Standards		
Outcome 1 Comply with organisational health and safety Standard Operating Procedures (SOPs) (Credits 10)	3856 - Identify emergency procedures in the motor and related industries (Level 3, credits 2) 31764 - Demonstrate knowledge of organisational procedures and safe work practices in industrial textile fabrication (Level 2, credits 8) 17593 - Apply safe work practices in the workplace (Level 2, credits 4)		
Outcome 2 Contribute to, and communicate in, a work team in the industrial textiles trade environment (Credits 5)	9681 - Contribute within a team or group which has an objective (Level 3, credits 3) 21708 - Maintain stock security in an automotive or related industries workplace (Level 3, credits 2)		
Outcome 3 Prepare, adjust and maintain textile fabrication machines and ancillary equipment (Credits 20)	23479 - Demonstrate knowledge of tools and equipment used in the industrial textile fabrication industry (Level 2, credits 6) 23489 - Demonstrate knowledge of sewing machines used in the industrial textile fabrication industry (Level 3, credits 4) 23490 - Set up and maintain a sewing machine in the industrial textile fabrication industry (Level 3, credits 4) 31510 - Carry out measurements and calculations for a project in the industrial textile fabrication industry (Level 2, credits 3)		
Outcome 4 Apply basic knowledge of materials and hardware used in industrial textile fabrication (Credits 10)	23483 - Demonstrate knowledge of reinforcements and attachments used in the industrial textile fabrication industry (Level 3, credits 5) 23484 - Fit reinforcements and attachments used in the industrial textile fabrication industry (Level 3, credits 7) 23495 - Demonstrate knowledge of materials used in the industrial textile fabrication industry (Level 3, credits 5)		
Outcome 5 Apply knowledge of industrial textile fabrication techniques to create fabricated textile items as directed	1320 - Repair damaged product in the industrial textile fabrication industry (Level 3, credits 6) 14145 - Identify, remove, and fit zips in the industrial textile fabrication industry (Level 3, credits 3) 23481 - Demonstrate knowledge of seaming and hemming work in the industrial textile fabrication industry (Level 3, credits 4)		

<p>(Credits 75)</p>	<p>23482 - Perform seaming and hemming work in the industrial textile fabrication industry (Level 3, credits 10)</p> <p>23485 - Demonstrate knowledge of product packing procedures on completion of industrial textile fabric product work (Level 2, credits 2)</p> <p>23486 - Pack product on completion of industrial textile fabric product work (Level 2, credits 2)</p> <p>23487 - Demonstrate knowledge of measuring and marking material, and making templates for industrial textile fabrication (Level 3, credits 3)</p> <p>23488 - Select, measure and mark out materials for industrial textile fabrication (Level 3, credits 6)</p> <p>23493 - Demonstrate knowledge of cutting materials in the industrial textile fabrication industry (Level 3, credits 2)</p> <p>23494 - Cut material in the industrial textile fabrication industry (Level 3, credits 6)</p> <p>23496 - Demonstrate and apply knowledge of freehand sketching and geometric shapes for industrial textile fabrication (Level 3, credits 5)</p> <p>23497 - Demonstrate knowledge of zips used in the industrial textile fabrication industry (Level 3, credits 4)</p> <p>23499 - Demonstrate knowledge of fabric welding in the industrial textile fabrication industry (Level 3, credits 4)</p> <p>23504 - Demonstrate knowledge of adhesives, sealants, solvents and hazardous materials used in industrial textile fabrication (Level 3, credits 3)</p> <p>23505 - Use adhesives, sealants, solvents, and store and dispose of hazardous materials used in industrial textile fabrication (Level 3, credits 3)</p> <p><b>One of the following unit standards must be selected:</b></p> <p>23500 - Operate a high frequency welding machine in the industrial textile fabrication industry (Level 3, credits 4)</p> <p>23501 - Operate a hot air welder in the industrial textile fabrication industry (Level 3, credits 4)</p> <p>23502 - Operate a hot wedge welder in the industrial textile fabrication industry (Level 3, credits 4)</p>
